Selectmen of Tamworth.

TO THE TAX-PAYERS OF TAMWORTH.

On the following pages will be found the financial condition of the town and the labors performed during the year.

The indebtedness of the town aside from the trust funds is \$715.39, a decrease during the year of \$953.52. The town having voted at its last annual meeting to cancel the Alonzo Brown note of \$170.17 hitherto an asset, the actual decrease in the town indebtedness is eleven hundred twenty-three dollars and sixty-nine cents (\$1,123.69).

BRIDGES:—Early in May the bridge spanning Chocorua river near the residence of Alvah Moore was carried away, and it was deemed expedient to erect a temporary bridge to serve the public until such time as a permanent structure could be built. In August the abutments were commenced, and completed in September. While the new structure is very near the height of the old, it is the opinion of your board that the same should be raised twelve or fourteen inches. Having rebuilt up the stream about eighteen feet, the grade is much more heavy than formerly. The expense would be small, and we recommend that \$100.00 be added to the necessary bridge appropriations for this purpose.

PERKINS BRIDGE:—This bridge was entirely rebuilt the past summer at a cost of \$128.00, and should last for some years to come.

SWIFT RIVER BRIDGE:—A new steel bridge costing \$750.00 was thrown across the Swift river near the residence of I. I. Chesley, and a new abutment built on the south side of the stream at a cost of \$165.00, for which there was an appropriation of \$250.00.

The condition of the bridges in the town is generally good with the exception of the Osgood bridge, which will have to be entirely rebuilt the coming spring. The stream at this point

could be narrowed considerably (enough we believe to save building a pier,) which in the end would be economy. We would recommend an appropriation of \$700.00 for bridges, which sum we believe is sufficient for the carrying out of the above projects.

PUBLIC LIBRARY :—This institution the past year has received no aid from the town, except the amount required by law. We recommend that a sum be raised sufficient to enable the trustees to have the building well painted, and also to purchase an Encyclopedia Britannica.

Too much care and caution cannot be exercised by your collector and town clerk in making returns, and the keeping of the records, as your board has been called upon during the year to pay the expense defrayed by Sarah F. Kimball in defending a title obtained through the collector. This title proved not a good one because of an insufficiency of evidence through an improper record made by the town clerk of the election of the board of selectmen, and an improper return made of the sale by the collector.

Most respectfully submitted,

GEORGE F. BATCHELDER,

WALTER J. HAMMOND,

WILLIAM H. PERKINS,

Selectmen of Tamworth.
